

Food is a basic right!

That is why Roxell develops, designs and manufactures feeding and drinking systems that help growers to produce animal protein in the most cost-effective way.

Our feeding and drinking concepts for broilers.

HaiKoo®

Oval pan feeding system for broilers with 360° flooding for fast and easy start-up of day-olds.

**SPARK™
cup**

Complete range of unique cup drinking systems for abundant water intake and dry litter for broilers, breeders, layers, turkeys, ducks, guinea fowl, quails, etc.

**SPARK™
nipple**

Complete range of nipple drinking systems for excellent water intake.
