

There's no excuse for hunger !

That is why Roxell develops, designs and manufactures feeding and drinking systems that help growers to produce animal protein in the most cost-effective way.

Our full concept for commercial layers in rearing and in production.

- Poolai**™ Exclusive pan feeding system for pullet rearing.
- LaiCa**™ Exclusive step pan feeding system for laying hens.
- KoKoon**™ Automatic community laying nest.
- Le **Roozft**™ Solid modular perch system.
- SPARK**™_{cup} Unique cup drinking system for layers.
- SPARK**™_{nipple} Nipple drinking system for layers.
